The Independent Project Program is open only to applicants who meet the following requirements. Please refer to the Application Guidelines for full details and ensure all points are checked off before proceeding with your submission.

I am/we are proposing a project that (all must be selected in order to be eligible):

- Takes place on or within one of Humber Polytechnic's Lakeshore Campus' grounds or buildings.
- Is free and accessible to the public for the 12-hour duration of Nuit Blanche Toronto; and
- Is produced by at least one Toronto-based professional artist, collective, or arts organization or Humber Polytechnic staff, faculty, students, alumni. (Note: students projects must be created in consultation with a faculty member).

Nuit Blanche 2025 theme: Translating the City

2025 invites artists, curators, and audiences to experience works that translate the landscape, rhythms, and narratives of the city in unique ways. How can the sounds of the city be made visual? What is the city trying to communicate? How can we map stories untold?

A key part of this inquiry is the incorporation of artworks involving text and language. According to the 2021 Census, 42.5% of Toronto residents had a mother tongue other than English and French. Approximately 200 languages are spoken here. A goal will be to commission a large-scale work including all known spoken languages. Added to this is a consideration of language beyond spoken and written forms.
